

## **NASEO Request for Interest: Service Providers for Energy Efficiency Revolving Loan Fund Capitalization Grant Program Award Recipients**

The National Association of State Energy Officials (NASEO) and Lawrence Berkeley National Laboratory (Berkeley Lab) are seeking information from service providers to support states in the design and implementation of energy efficiency revolving loan fund programs. Under the U.S. Department of Energy's Energy Efficiency Revolving Loan Fund (RLF) [Capitalization Grant Program](#) established by Section 40502 of the Infrastructure Investment and Jobs Act (Public Law 117-58). Under the IIJA, Congress appropriated \$250 million to State and Territory Energy Offices to provide capitalization grants to establish revolving loan funds to provide loans and grants for commercial and residential building energy audits, upgrades, and retrofits.

Service providers are critical partners positioned to assist states with achieving their program goals and comply with Federal requirements.

Service providers can register themselves as potential providers to assist State Energy Offices in one or more service areas, such as program design and administration, lending, and compliance. By registering, providers consent to make their information publicly available.

State Energy Offices can use the list to find and contact potential service providers to support their revolving loan fund programs. Depending on state procurement policies and approaches, State Energy Offices may also be able to provide notification to listed service providers to respond to requests for proposals or other procurement opportunities.

**NASEO and Berkeley Lab will not review, vet, or in any way screen service providers registered on the list and make no express or implied approval or endorsement of the listed service providers. State Energy Offices will follow their own procurement policies, which may or may not allow them to access providers who have registered on the list before or after they have issued procurement opportunities.**

**Service providers:** Register to be publicly listed on this service provider list [here](#).
